FEEDBACK REPORT SYSTEM

Municipal College has its own mechanism for collection of feedback from students, Teachers, Employer and Alumni of the institution.

There is a feedback Box placed in front of the office for collection. In every month the feedback papers are collected from the box and placed before the principal. The principal of the college calls for a review meeting of all committees like anti ragging cell, sexual harassment cell, library committee, scholarship cell, grievance redressal cell etc. The committee and the principal take appropriate decision to resolve the problems raised by the Students, Teachers and the Alumni association.

The Director and the Regional Directors often visits our college give their suggestions to the principal and staff members. The feedback collected is properly carried out by the authority.
